RESPUESTA A UNA NECESIDAD

Nuestros repuestos compatibles representan una **alternativa perfectamente válida a los originales**. Ofrecemos productos de total confianza, individualmente probados en nuestro laboratorio técnico, y a unos precios muy competitivos. Nuestro equipo de técnicos especializados **estudia las necesidades cambiantes del sector para adaptarlas en cada momento**, mejorando de esta forma su rendimiento gracias a la retroalimentación que nos ofrecen.

Ofertamos una **extensa gama de productos y servicios**. Somos fabricantes, como productores de marca blanca, y para otras empresas y distribuidores.

Desde nuestros inicios, **el principal objetivo ha estado en obtener las mismas piezas**, desde la inyección de las piezas plásticas, a la realización de bandas transportadoras, mecanizado, torneado, montaje y, un largo etcétera de procesos.

EMPLAZAMIENTO PERFECTO

Eduardo Repuestos Agrícolas, perteneciente al grupo *Moldes y Resinas S.L.*, inició su actividad en el año 2012 de la mano de Eduardo Royo y María Rosa Lázaro, quienes tomaron como objetivo **solventar las necesidades descubiertas** que ostentaba el mercado vitícola español.

Uno de los factores que ha favorecido su rápido crecimiento es su ubicación: Burgos, **punto geográfico estratégico** a medio camino entre la Ribera del Duero y la Rioja, referentes vinícolas. Esto se traduce en una **constante renovación y mejora en las técnicas de creación, fabricación y producción** de los componentes ofertados, así como una mirada revolucionaria a las últimas técnicas del mundo de la vid y el olivo.

UN EQUIPO A TU DISPOSICIÓN

Eduardo Repuestos Agrícolas está formada por un **equipo dinámico y resolutivo**, cuyo principal objetivo es la satisfacción del cliente.

Desde la oficina técnica de la empresa, se prueban y desarrollan nuevas piezas y productos para adaptarse al ritmo cambiante del sector. En la misma línea, se ofrece un servicio de diseño de **soluciones personalizadas** para atender las necesidades concretas de clientes particulares.

La **amplia red comercial y de distribución** adquirida durante estos años permite, desde el asesoramiento personal y resolución de cualquier duda, hasta la recepción de la mercancía, proceso en el cual intervienen los distintos miembros del equipo.

RESPONSABILIDAD Y COMPROMISO

El grupo persigue alcanzar la **máxima calidad, máximo surtido, y máximo servicio**, en el mínimo tiempo posible.

Es pues la **rapidez, puntualidad y el compromiso** los pilares que sustentan a esta empresa, y que se consideran esenciales y básicos a la hora de gestionar y enviar los productos diariamente.

La filosofía de los trabajadores que componen *Eduardo Repuestos Agrícolas* reside en proporcionar a los consumidores **mayor comodidad** a la hora de realizar sus compras, satisfacer sus necesidades de producto aumentando la especialización, y el ajuste de precio. En suma, lo que se desea es potenciar la **cercanía y la fidelización del cliente**.
